

## Order Your Very Own Past Life Astrology Report

Written by **Bernie Ashman**

Yes, at last, a very easy to read, in depth interpreted written report about your past lives. It is 20 to 25 pages in length. Your past life issues and strengths are clearly described. The report makes a convenient reference point to look back and see how to stay on track in this lifetime.

The report is arranged in 4 sections: *Passport*, *Quest*, *Journey* and *Footnotes*. The *Passport* interprets your Nodes of the Moon, Sun, Moon and **Past Life Ascendant!** The planets remain in the same signs but are interpreted from *Past Life* house positions. This is a new concept in that the houses are counted in a **clockwise** manner with the 12<sup>th</sup> house the starting point as the Past Life Ascendant. Each planet in sign and house are described from a past lives perspective.

The *Quest* section includes Mercury, Venus, Mars & Jupiter, interpreted by sign and past life house. The *Journey* section includes Saturn, Uranus, Neptune & Pluto, interpreted by sign and past life house. The *Footnotes* include your *planetary aspects* described as past life influences, as well as the signs on each past life house cusp, and even *Retrograde* planets, if you had one or more at birth.

This is your chance to get a unique view of your past life tendencies and to see how to better incorporate them into a happier, fulfilling present!
